WORK EXPERIENCE

PINAKI TECH LIVE | Self-employed

Jan 2026 - Feb 2026

Startup

- Engineered production-ready corporate website using React 18, TypeScript, Vite, and Framer Motion achieving 90+ Lighthouse performance score (improved FCP to <2.5s). Deployed scalable component based architecture on GoDaddy with full DNS, SSL/TLS, and CDN optimization.
- Integrated React Hook Form, Zod validation, React Query reducing form errors by 35% across 3+ flows. Optimized Core Web Vitals (FCP <2.5s).

PROJECTS

Bullseye - Stock Market Analytics Platform | [Live Demo](#) | [Report](#) | [GitHub](#) | (Feb 2026)

- Streamed real-time NSE market data via **WebSocket**, powering live charting and continuous price updates for tracked instruments.
- Built **RSI, SMA, and EMA** technical indicators into a quantitative analysis engine for directional market insight.
- Trained **XGBoost** and **LSTM** models for directional price prediction, integrated into a portfolio tracking system with risk metrics, alerting, and news sentiment analysis.
- Added an **AI chat assistant (Gemini)** for natural-language indicator explanations and portfolio Q&A.

Career Mentor - Mock Interview Platform | [Live Demo](#) | [Report](#) | [GitHub](#) | (Sep 2025)

- Built and stress-tested a mock-interview platform across **25+ real interview** sessions, using **OpenAI Whisper** for real-time speech-to-text.
- Used **Gemini API** to evaluate spoken answers against the candidate's uploaded resume for tailored feedback.
- Implemented real-time gesture and object detection (**MediaPipe, OpenCV, YOLOv8**) to auto-flag and capture evidence of prohibited items during interviews.
- Automated **PDF feedback report** generation (PyMuPDF, FPDF), cutting report turnaround to **30-45 seconds**.
- Built full-stack architecture with **authentication** and **cloud database** integration.

Moodify - Sentiment Analysis App | [Live Demo](#) | [Report](#) | [GitHub](#) | (Oct 2024)

- Implemented transformer-based NLP model using **Hugging Face** and **PyTorch**
- Built Flask-based **REST API** for real-time prediction
- Performed **data preprocessing, tokenization, and model fine-tuning**
- Achieved **85% accuracy** on multilingual dataset

CrowdSense - Smart Density Estimator | [Report](#) | [GitHub](#) | (Mar 2026)

- Engineered a **YOLOv8**-powered crowd density estimator for real-time occupancy analysis from video streams.
- Architected a grid-based **Gaussian heatmap pipeline** for intuitive crowd distribution visualization.
- Designed **occupancy classification** (Low/Medium/High) providing real-time decision support for space utilization.
- Achieved **MAE $\approx$ 3.05** people using **temporal smoothing** (rolling average) for stable predictions.
- Built a **CPU-only inference pipeline (OpenCV, NumPy)** deployable on existing CCTV infrastructure.

SKILLS

Programming Languages: Python, C++, JavaScript

Development: React.js, Tailwind CSS, HTML5, CSS3, Flask, Node.js, Express.js

Frameworks & Libraries : Node.js, PyTorch, TensorFlow, Scikit-learn, Transformers, Ollama, FastAPI

Databases: MySQL, PostgreSQL, MongoDB, Supabase

Tools & Platform: Git, Github, CI/CD (GitHub Actions), AWS (S3, SageMaker, EC2, IAM, CloudWatch), Docker, Postman

Core CS: Data Structures & Algorithms, OOP, System Design fundamentals

EDUCATION

Bachelor of Technology (B.Tech) in CSE (AI & ML)

CGPA: 8.6/10

VIT Bhopal University | July 2023 - May 2027

CERTIFICATION

- **AWS Certified Solution Architect** - Associate (SAA-C03) - AWS | 2026 || **Certificate**
- **AWS Certified Machine Learning Engineer** - Associate (MLA-C01) - AWS | 2026 || **Certificate**
- **AWS Certified AI Practitioner** - Foundation (AIF-C01) - AWS | 2026 || **Certificate**
- **Oracle Cloud Infrastructure Certified Generative AI Professional** - Oracle University | 2025 || **Certificate**
- **Oracle Cloud Infrastructure Certified Agentic AI Associate** - Oracle University | 2026 || **Certificate**
- **Oracle Cloud Infrastructure Certified Data Science Professional** - Oracle University | 2025 || **Certificate**

ACHIEVEMENTS & LEADERSHIP

- **Semi-finalist**, Economic Times **Gen AI Hackathon** 2025 || **Certificate**
- Achieved **National Semi-Finalist** ranking in **Deloitte Hackspllosion** 2025
- **Event Management Head**, Robotics Club — Led 150+ participant workshop with 95% positive feedback
- **Gold Medalist**, 19th SOF **National Science Olympiad** — International Rank 4726, Zonal **Rank 1**
- Solved Over **250+** DSA Questions
